The [Capital Region Minority Chamber of Commerce](#) has been the leading voice within the Mercer County Region, focusing on impactful change in the areas of Diversity, Equity & Inclusion. Since 2015, we have partnered with major corporate business and political leaders to address the continued severe lack of diversity, equity, and inclusion within the Middlesex and Mercer County areas of New Jersey. Chambers across NJ are modeling their DEI conferences, and we are excited to see you in person for the first time in two years. You don't want to miss this exciting event with new insights on what's in store for small minority-owned businesses in NJ.

[Mr. Marc H. Morial](#), President and CEO of the National Urban League will join us as our keynote s to explore the opportunities small minority-owned businesses have to succeed. Mr. Morial is a national social and civic leader empowered with "street smarts" and "boardroom savvy," leading the nation's largest historic civil rights and urban advocacy organization. He served as the phenomenally successful and popular Mayor of New Orleans as well as the President of the U.S. Conference of Mayors. He previously was a Louisiana State Senator and was a lawyer in New Orleans with an active, high-profile practice. He is a leading voice on the national stage in the battle for jobs, education, housing, and voting rights equity. He is a premiere national advocate for diversity, equity, and inclusion. We are proud to have him in New Jersey with us as the business landscape continues to transform.
